

# Epithelial Biology Center

## 2025 Symposium

Epithelial StemCells in the Genomic Era

Wednesday, March 26, 2025

9:00 am– 5:00 pm  
Scarritt Bennett Center  
Fondren Hall

### Keynote Speakers

Douglas J. Winton, F.Med.Sci.

Senior Group Leader  
Professor of Epithelial Biology  
CRUKCambridge Institute  
University of Cambridge

*Clonal biases in intestinal crypts and tumours*

Christina Curtis, Ph.D., M.Sc

RZCao Professor of  
Medicine, Genetics, and Biomedical Data Science  
Stanford University

*Genomic, host, and microenvironmental determinants of  
breast cancer progression*

### Vanderbilt Speakers

Dylan Burnette, Ph.D.  
Tae Hyun Hwang, Ph.D.  
Mirazul Islam., Ph.D.  
Taha Jan, M.D.  
Youngmin Lee, M.D., Ph.D.  
Nicholas Markham, M.D., Ph.D.  
Nicholas Zachos, Ph.D.

Poster Session & Lunch:  
12:00-1:30
